

L&SCBS – Questionnaire – Summer 2007

Please do not read the top of this – see what it is, and throw it in the bin. For the last 5 years as Chairman, I have worked hard for the society, and so has every member of the management committee. We sometimes get a bit despondent about the number of members that take part in our events and shows. Perhaps we have it wrong and we are running too many meetings, seminars and shows. Please tell us what you want.

So – the only way we know how to find out is to design a set of detailed questions and ask you to complete the form with your answers. It will not result in loads of junk-mail arriving through your door – but it will shape what we organise for the members of the society in the coming years. Tell us something about yourselves and what you want from the society – and we can respond. Tell us nothing, by not bothering to respond and we will have no idea what you want from the society. Remember – it's your society. Please respond.

Fred Wright – Chairman

Name County Year you entered the hobby

Your Age Group – under 25 26-35 36-45 46-55 56-65 over 65

Do you cage breed , colony breed or both
